**Addendum Number 1:**

Re: Carpenter Creek and Bayou Texar Watershed Management Plan  
Specification Number: PD 17-18.086

All:

We recently sent you a Request for Letters of Interest on the above-mentioned specification.

This Addendum Number 1 provides for:

**Response to Questions**

1. Please clarify whether the list of documents requested on page 12 of the RFLOI must be provided by all subconsultants, or just the prime consultant.  
*Response: Just the prime.*
2. The RFLOI is requesting SF 330 - Part I, Section H. However, the LOI portion of the submittal has a generous maximum of 50 pages, which should leave many pages for additional relevant information. Is it allowable to include Section H information in the LOI in lieu of Section H?  
*Response: No, section H is to be provided as part of the 330 Part I.*
3. Attachment A of the RFLOI indicates that Escambia County has received a Department of Treasury RESTORE Act planning assistance grant to fund this project. The Planning and Design costs under this grant are shown as \$980,000. Is this full amount budgeted to the Watershed Management Plan development or is some portion of this amount to be retained for later final design and permitting? What is the approximate budget for the Watershed Management Plan development?  
*Response: \$980,000 is budgeted for any and all tasks, as referenced in the solicitation, necessary to complete the Watershed Management Plan. Final design and permitting outside the development of the Watershed Management Plan and its components are not part of this solicitation. Escambia County will negotiate a fee schedule with the selected firm to maximize outcomes while minimizing costs.*
4. Who will be a part of the selection committee for this project?  
*Response: There will be both County and City of Pensacola representatives on the committee.*
