Date: July 13, 2022
From: Office of Purchasing
To: All Known Prospective Bidders
RE: PD 21-22.075 Design Services for Oakfield Acres Palafox St Drainage Project
Addendum 1

This notice is to provide for Acknowledgement of Addendum 1.

1. Use the link provided to access the Beverly Parkway Drainage Study.
[Beverly \(1\).zip](#)
2. Clarification for Zone Q Description from Department -

“Please see the Zone Q description. We are trying to tie this non connected drainage system in parallel with branches O, N, and P.

Zone Q:

Zone Q is an area not connected to an existing drainage system. This area extends from Pinestead Road to north of Burgess Road. The sub-basins are low laying areas that hold water until they reach a high enough elevation to discharge to the next sub-basin by means of overland flow or through roadway culverts. The model shows some flooding during the 3-year storm event. There are reports of flooding on West Burgess Road and on Maxam Street. There are also photos of the flooding for further documentation (Appendix B). These problems are caused by lack of existing drainage systems along West Burgess Road west of Old Palafox Street and along Old Palafox Street.”

This Addendum Number 1 is furnished to all known prospective Bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of you having received same. You may photocopy for your record.
